WELCOME MESSAGE

Dear Colleagues and Friends,

It is my great pleasure and honor to invite you to attend the 1st EMN 2018 meeting taking place this year, from April 19 - 21, 2018, in Turin, Italy.

This event is organized under the umbrella of the European Myeloma Network and it seeks to go beyond national boundaries by including research groups from all over Europe.

The location of the meeting is Lingotto Conference Center, an ideal venue to host important international congresses and big events. At the foot of the Alps, Turin is a majestic city, the former capital of Italy, easily reachable and well connected to the rest of Europe. Here you will enjoy both the meeting and this fascinating city.

I am sure the EMN2018 will be a great opportunity for everyone to strengthen bonds between teams and start new collaborations, which will ultimately result in new opportunities and advances for the benefit of patients.

I am very much looking forward to welcoming you soon.
